January 18, 2012

Dear Parents and Guardians,

It has been both an honor and pleasure to serve as Superintendent of the Placerville Union School District since February 2007. As school staff and parents working together to support students, we have moved forward in accomplishing Board of Trustee goals where an increasing number of students are reaching high levels of proficiency and achievement at Edwin Markham, Louisiana Schnell and Sierra schools. Our bully prevention/intervention efforts have had a tremendous impact on students; their feeling of being safe and able to learn without fear or distraction. In supporting our schools through your time, talents and fundraising efforts, additional materials and opportunities have been made available for use both inside and outside the classroom. The Board of Trustees shares your dedication and commitment to our students, ensuring that district policies continually focus on preparing these leaders of tomorrow to be successful citizens.

As a school district and local community we have experienced many joyful occasions as well as deeply sorrowful events. The manner in which the Placerville community came together in response to the passing of Mr. LaCara is a testament to the sense of family we all share in our school district. The tremendous support you provided our students, their teachers and Sam's family will be a source of strength and inspiration always.

I have been selected as the finalist to become Superintendent of the Solana Beach School District and will begin my new responsibilities on April 2, 2012. While looking forward with anticipation to the opportunities and challenges of my new position, I cannot express enough how I have cherished my time in Placerville; to have been part of a community that so generously supports students and their educational, social and emotional needs.

I am committed to doing all I can to ensure that the transition occurs as smoothly as possible for our staff and families.

Respectfully,

Nancy Lynch, Ed.D.
Superintendent
